**EMERGENCY EVACUATION DRILL**

Yesterday the whole school participated in an emergency evacuation drill. On this occasion, we were fortunate enough to have the SES, Fire Brigade and Police involved to simulate a real life evacuation. I would like to thank Mr Edwards (Fire), Mr Pilgrim (SES) and Mr Forrester (Police) for their ongoing support of our school.

Mr Pilgrim brought a smoke machine and we had smoke in the hall and bellowing out of the hall looking like a fire.

It is important that we practise our evacuation drills regularly (at least once every 6 months) so that all staff and students are aware of our process and the Emergency Management procedure.

This is an invaluable exercise and also mandatory for Work Health and Safety requirements. There are 2 drills we practise regularly. Evacuation and Lock Down. We had a lock down 2-3 weeks ago, and invited the police and ambulance service. Inviting the local services to our school enables the students to engage with the services in our community.
From Mrs Wakefield –

THINK U KNOW – DON’T MISS IT – KEEP UP TO DATE WITH CYBER SAFETY

As you are aware, a ThinkUKnow presentation for parents, carers and teachers is scheduled to be delivered at our school on Tuesday 2nd June at 3.30pm. Barrington Public School is participating in the same video conference and Mrs Wise and myself have organised this jointly for our school communities.

The purpose of this presentation is to raise awareness of the issues facing young people online including:
- Technologies and apps popular with children and young people;
- Privacy management (never giving personal details or family information);
- Scams, fraud and identity theft;
- Online grooming;
- Sexting;
- Cyber-bullying;
- Reputation management;
- Where to go if things go wrong;
- Steps to improve cyber safety and security.

ThinkUKnow is centred on three key areas: how students use and enjoy technology, the challenges they may be exposed to, and how to prevent and report when things go wrong. The presentation will discuss the popular applications used by young people, the risks they may be exposed to and how to minimise these risks, and finally where to report problems.

The parents, carers and teachers’ session includes short videos and real life case studies. Take home resources on the issues outlined above will also be provided and can be downloaded from the ThinkUKnow website, www.thinkuknow.org.au.

The presentation is tailored for the adult audience and we ask that young people are not present.

If you have any questions about the program, please contact us on 1300 362 936 during business hours or visit the ThinkUKnow website.

Please talk to your children about meeting people online and never meeting them in person without an adult/parent present. People we meet on the internet are strangers and they are usually not what they seem, never giving personal details, never sending pictures/selfies of themselves, never responding to messages especially obscene or threatening texts/messages and what is displayed on the internet is not always true.

10 Dangerous APPs – Every parent needs to know about – Article – www.foreverymom.com

Dangerous APPs for kids
Sites known for predators to keep your child/ren away from.

Whisper – This app allows you to post/send secrets anonymously and also allows you to chat with other users in your geographic area.

YikYak – All Yik Yak users are anonymous. They don’t create a profile or account, but they can post comments that are accessible to the nearest 500 people. A psychiatrist called this the most dangerous app he’d seen because it “can turn a school into a virtual chat room where everyone can post his/her comments, anonymously”.

KIK – A free app-based alternative texting service that allows texts/pictures to be sent without being logged in the phone history. This app is rated dangerous by police and cybersafety experts and should not be accessed by anyone under 17. In addition, strangers can send your child a “friend request”. The content is 17+ rated and a favourite app for predators.

Snapchat – Allows you to capture an image or video and make it available to a recipient for a specific time. After that time limit is up, the picture/video automatically disappears forever .. or so Snapchat claims. Similar apps: Poke, Wire and Wickr. Your child can send inappropriate photos and sexting and believe after the time limit these are gone forever. The truth is that nothing sent over the internet ever disappears. There are always ways to retrieve and capture those images.
New Sounds: Revision Week

New Sight Words: Revision Week

Numeracy: REVISION: counting forwards to 100, backwards from 30, writing and reading numbers to 30 and counting by 10s.

Maths Concepts: REVISION: Multiplication (forming groups), Mass (hefting different weights), 3D Shapes and Patterns and Algebra.

Home Project: Don't forget that Kindergarten's Pet Project is due on Tuesday 26 May (Week 6). We have received a few early projects and they are WONDERFUL! Keep up the great work at home.

Home Reading: Home reading needs to be done every night. Lots of children have completed a whole side of their home reading log. If your child hasn't read that many books, please make sure you are writing down the books and reading every night.

Kindy Pet Zone: Thank you to Jessica Marchant for bringing in some wonderful caterpillars for our Pet Zone. We now have mealworms, eggs for hatching, caterpillars and plants in our Pet Zone. Soon some tadpoles will be added to our living collection.

Question to ponder... Do you know what animal a mealworm turns into after metamorphosis? KS and KM have been trying to guess the answer.

Zumba: If you have decided to pay each week, don't forget to bring your money in on Friday. It is $2 for every session.

Year 6 Science and Engineering Challenge

Year 6 students from GPS will be attending the Mid Coast Science and Engineering Challenge at Taree tomorrow. Students will be involved in completing a variety of science-based activities in teams. This is a brilliant event that has been highly successful in previous years, providing students with a great opportunity to learn and try their skills in a fun and interactive program. This event is proudly supported by the Rotary Club.

Students need to be at school no later than 7.45 to depart at 8.00am. Students need enclosed shoes (sports joggers), sports uniform (due to the activities), sun protection (including school hat), a snack or piece of fruit and water. Remember lunch is provided, however if a student can’t eat a sausage sandwich, he/she will need to bring his/her own lunch. Don’t forget any medication such as epipens, ventolin etc.

The bus is expected to arrive back at Gloucester Public School at approximately 3.40pm.

If you need any further information please contact Mrs Green or Mrs Wilson.

Walk Safely to School Day

Friday, 22nd May, is National Walk Safely to School Day. Even though every day should be a ‘safe’ walking day, we especially highlight this on this Friday. Please talk/remind your child of the safe way to walk to and from school. Children up to the age of 10 still need to hold an adult’s hand when crossing a road.

Nationally Consistent Collection of Data on School Students with Disability
Notification for Parents and Carers

From 2015, all Government and non-Government schools across Australia are required to participate annually in the Nationally Consistent Collection of Data on School Students with Disability (NCCD).

All Australian schools will collect data on their students who are receiving adjustments to meet additional learning and support needs in accordance with their obligations under the Disability Discrimination Act 1992 and Disability Standards for Education 2005. This data will be provided to the Australian Government to assist in the development of a consistent, national picture of the education needs of students with disability.

The data provided to the Australian Government by the NSW Department of Education and Communities is provided in such a way that it cannot be used to identify any individual student or school.

Privacy Protection

The NSW Department of Education and Communities follows the requirements of the Privacy and Personal Information Protection Act 1998 and the Health Records and Information Privacy Act 2002. Schools will collect, record, store and use data about individual students in line with these requirements. Data security and protection is a priority and students’ personal details will be kept confidential.

Under Clause 52 of the Commonwealth Australian Education Regulation 2013, data collected by the NSW Department of Education and Communities for the NCCD must be provided to the Australian Government Department of Education and Training. This includes the number of students at each level of education, the number in each category of disability and the number at each level of adjustment. The information is provided to the
Commonwealth as a series of number sets that cannot be used to identify any individual student or school.

The Australian Government Department of Education and Training follows the requirements of the Commonwealth Privacy Act 1988 when handling any data provided by NSW Department of Education and Communities in connection with the national data collection. A privacy notice has been developed to by the Australian Government to provide students, parents and carers with important privacy information in relation to the data collection. This notice is available on the department’s website at http://education.gov.au/notices

If you have any questions about the data collections please do not hesitate to contact Kaye Leighton Learning and Support Teacher.

**Canteen News**

Just a reminder for Primary students wishing to order their lunch for this Friday’s sports carnival - PLEASE HAVE ORDERS IN ON WEDNESDAY WITH YOUR NAME AND HOUSE NAME CLEARLY WRITTEN ON YOUR ORDER. Please note NO slushies or recess can be ordered on this day.

Canteen will operate as normal for Infants students this Friday.

**Claim the Date – Girls Soccer Gala Day**

Our girls’ soccer team has been included in a gala day taking place at Wingham Sporting Complex, Friday 29th May. Miss Coghlan will accompany the team however we will require private transport to and from the venue. We will be sending home a more detailed permission note in the coming days. The girls are not required to wear soccer boots but will need shin pads.

Thank you
*Amanda Coghlan and Susie McLeod*

**2015 Athletics Carnival**

On Friday 22nd May 2015, GPS will hold its annual Athletics Carnival for all students in Years 3-6. As in a usual school day, students should be at the carnival at Gloucester District Park (athletics track), ready for a 9am start.

The athletics carnival is a vital part of our curriculum and all students are expected to attend. If travelling by car, students are to be dropped off and picked up from the athletics track. Buses will deliver and pick up students directly from the track. If arrangements change or differ from normal please send a note to your child’s class teacher.

Please ensure that students are dressed in appropriate and sun smart clothing, in collared shirts/polos/t-shirts, correct footwear and school hat. Under no circumstances should any students wear singlet/crop tops for the duration of the day. All students must bring their own water, recess and lunch. If students wish to order their lunch from the school canteen, these orders must be into the canteen by Wednesday (20/5/15).

If you can assist on the day (timekeeping, recording, measuring etc), please complete the note at the end of this newsletter and return it to your child’s classroom teacher as soon as possible.

Looking forward to a wonderful day of fun, competition and good sportsmanship.

*Thank you,*
*Eve Green and Berrill Ley*

**PSSA Girls Netball – Knock-out round 2**

Parent Expressions of Interest for Dubbo Excursion

Wow! What a response we’ve had to date. We have had quite a few parents put their names forward to assist Year 4 with their excursion to Dubbo and a big thank you must go to all of you. In order to make necessary arrangements and give people enough time to arrange work and family commitments, I will need to make this Friday 22 May the final day for any further expressions of interest.

I will draw the names out of a hat with Mrs Wakefield after this date and will let you know the results next week. We can only take three due to coach numbers and accommodation arrangements.

Thanks again,
Rod Maggs – Stage 2 Assistant Principal

Maths Olympiad 2015

Today we advised students in Stage 3 of their selection in the 2015 Maths Olympiad squad. This is a wonderful opportunity for students to challenge their mathematical thinking and skills against others in their school and across many other schools in Australia. Last year over 40,000 students participated in their highly challenging competition.

Our team will compete as individuals and also as a school team against other schools.

We wish them all the best as they sit their first Olympiad this week.

Stage 2 Project

A reminder to all Stage 2 parents and students that the second part of the project on “Convicts, Captains and Corroborees” is due this Friday. The letter from the perspective of their researched person should focus on what life was like for these people in the early days of the colony and outline some of the issues they faced.

Also, don’t forget to consider a costume for their special day next Thursday 28 May!

Help your children make sense of natural disasters

As adults we all want our children to live carefree lives and keep them from the pain and even horror of tragedies such as natural disasters. In reality we can’t do this.

Recent natural disasters wreak incredible havoc on so many people’s lives and will no doubt leave an indelible imprint on our collective psyches. Graphic images have been brought into our living rooms via the media over the last few weeks, and will continue to do so in the immediate future.

As adults we all want our children to live carefree lives and keep them from the pain and even horror of tragedies such as natural disasters. In reality we can’t do this.

So what is a parent, teacher, or other caring adult to do when the natural disasters fill the airwaves and the consciousness of society? Here are some ideas:

1. Reassure children that they are safe
The consistency of the images can be frightening for young children who don’t understand the notion of distance and have difficulty distinguishing between reality and fiction. Let them know that while this event is indeed happening it will not affect them directly.

2. Be available
Let kids know that it is okay to talk about the unpleasant events. Listen to what they think and feel. By listening, you can find out if they have misunderstandings, and you can learn more about the support that they need. You do not need to explain more than they are ready to hear, but be willing to answer their questions.

3. Help children process what they see and hear, particularly through television
Children are good observers but can be poor interpreters of events that are out of their level of understanding.

4. Support children’s concerns for others
They may have genuine concerns for the suffering that will occur and they may need an outlet for those concerns. It is heartwarming to see this empathy in children for the concerns of others.

5. Let them explore feelings beyond fear
Many children may feel sad or even angry with these events so let them express the full range of emotions. They may feel sadder for the loss of wildlife, than for loss of human life which is impersonal for them.

6. Help children and young people find a legitimate course of action if they wish
Action is a great antidote to stress and anxiety so finding simple ways to help, including donating some pocket money can assist kids to cope and teaches them to contribute.

Avoid keeping the television on all the time
The visual nature of the media means that images are repeated over and over, which can be both distressing to some and desensitizing to others.

Be aware of your own actions
Children will take their cues from you and if they see you focusing on it in an unhealthy way then they will focus on it too. Let them know that it is happening but it should not dominate their lives.

Take action yourself
Children who know their parents, teachers, or other significant caregivers are working to make a difference feel hope. They feel safer and more positive about the future. So do something. It will make you feel more hopeful, too. And hope is one of the most valuable gifts we can give children and ourselves.

Children’s worlds can be affected in ways that we can’t even conceive of so adults need to be both sensitive to children’s needs and mindful of what they say and how they act in front of children. In difficult times, it is worth remembering what adults and children need most are each other.
This production by the Watoto Children’s Choir presents the vitality of the new Africa. Its vibrance, urban sound and colour takes you on an emotional journey from utter despair to joyous celebration as the children share their stores.

Each of the children in the choir has suffered the loss of one or both of their parents. As part of a bigger Watoto family in Africa, they now live in Watoto village homes provided with all that they need to grow up healthy and whole.

The Watoto Children’s Choirs have travelled since 1994 as Ambassadors of the millions of African children in need of hope. Their audiences come from all walks of life including the Queen of England, President George Bush, the UK, Australian, Canadian and Scottish parliaments and the greater public, warming many hearts wherever they go. ENTRY IS FREE.
